About me

I am a multidisciplinary artist, graphic designer, photographer and filmmaker originally from the Democratic Republic of Congo. I moved to Canada in 2021 with one goal – turn my passion for art into a professional career. My love for creativity started at a very young age, drawing and exploring different styles with my uncle. In 2023 I enrolled in the Graphic Design program at Collège La Cité to sharpen my skills, learn design strategy and grow as both an artist and visual communicator.
